## PARENT/GUARDIAN AND STUDENT CONSENT

As the Parent/Guardian, I certify that my son/daughter/ward has permission to participate in this program. It is my understanding that in the event of a health emergency, I will be notified, but if I cannot be reached, my child will be subject to the regulations of the Host institution, such as medical treatment as deemed necessary by competent medical personnel. I also give permission to have my child's name entered into a database that is used for the purpose of college recruitment and employment opportunities.

From time to time, during MYTC programs or events, participants will be photographed, videotaped or interviewed for possible promotion (news articles or broadcast, brochures, flyers, etc.) to generate interest in the program. Additionally, research data and materials collected by the program may be used for academic publications to help the field learn about science learning through technology use. By signing below, I give MYTC permission to include my child and relevant data in these efforts.
